Director's Report 11.11.20

Circulation and Usage Statistics:

- Circulation of physical items went up slightly in October– the library circulated 2192 items up from 2171 in September, an increase of 1%.
- Overdrive checkouts decreased slightly from September 2020 but saw a small increase over the 2019 numbers – these may trend upward again during the winter months as people stay inside more.
- 623 patrons visited the library during October, an increase over September's 570 visits.
 Opening extra hours on Saturday and Friday seems to be driving this increase. Per the weekly NH Library Director's call on 11/6, all NH libraries are seeing decreased patron visits due to a variety of reasons.
- Outside porch (curbside) pickup saw 18 items picked up during curbside only hours.
 Many more bagged reserve items were picked up in-library during open hours. As we open more hours, curbside will still be offered, probably in conjunction with open hours rather than a replacement for open hours.
- Facebook Page visited 135 times in past 28 days, likes: 1 new page like in October; 573 total likes. 613 total followers

Children's Programming:

- > We have started our scheduled Children's programming.
 - Week 1: Virtual Story Time with Ms. Robin and take & make craft 21 views of virtual story time and 11 craft kit pickups.
 - Week 2: LEGO Club 11 LEGO kits were picked up
 - Week 3: Children's Art Exploration Take & Make kit: 14 picked up
- Jessie has continued to post on a variety of topics in Facebook for children.
- Jessie has been coming in-library on Sundays or Mondays when she can be alone in the building to put craft kits together, do collection development, and put up library displays.
- ➤ Robin and Dan have finished filming the story times through December. We will take a break from programming in January review what has worked and what hasn't and start a new round of programming in late January/early February.

Adult Programming:

- > Afternoon Book Group Meeting on the lawn, 6 members generally per meeting.
- Adult Art Exploration craft kit week of October 27: All kits (12) picked up.
- We will film our local author talk on November 20, we have a copy of the book and have ordered a better recording microphone.
- All museums have reopened. We have only had two requests for museum passes since March. For 2021 we are strongly considering purchasing only NH Museum passes Strawbery Banke, Seacoast Science Center, Children's Museum of NH, Currier Museum, SEE Science Center and possibly the NH Farm Museum. All these NH passes together have a cost of @\$800, far less expensive than the Boston passes which are not seeing any use.

Technology:

- Dick ordered and replaced the hard drives on all 5 public PCs and the Children's Circulation computer. They are running more smoothly since this time.
- We have been having ongoing minor problems with the fax/scanner/printer behind the circulation desk. There seems to be no pattern to the issues, and we cannot reliably replicate any for Dick to troubleshoot, but we keep trying.
- Still seeing the same set of patrons using the computer. We do have drop-by usage on a very occasional basis.

Banking/Financials: (As of 11.7.20)

Operating: \$ 20,710

Debit: \$ 293

Copier/Fines: \$ 1810

Donations: \$8787

Staffing/Service:

- Staff Meeting on October 13 covered hiring status, ILL procedures, and circulation issues.
- Background check for Technical Services position has come back clean and we hope to start Jordan Reed this week. We are still waiting for the one for Megan Mullins.
- Our Children's Librarian continues to work from home, coming in on days when there are
 no others in the library. She is working on future craft kits and LEGO kits so that we will
 have take-home offerings no matter the pandemic status.
- Evening hours on Wednesdays continue to see low (or no) numbers. We are considering once we have onboarded new staff members, being open the following: Tues 10 5, Wed 10 7, Thurs 10 7, Friday 10 5 and Sat 10 2.

Collection:

- We added 111 items during the month of September.
- We've weeded the children's picture book section and are starting on Easy Readers.
- Olivia is doing most of the covering and processing of new materials. Dan is cataloging and updating series throughout the library.
- Liz is working on weeding and cleaning adult books on CD.
- Dan and Olivia have restarted the inventory of the children's room.

Policies and Procedures:

We are asking patrons to wear masks when they come in the library. Hand sanitizer is right
at the front door and everyone entering is asked to sanitize before coming in and browsing.

- Patrons have multiple options for return of materials.
- Staff are asked not to come to work if they are feeling any potential symptoms or if they are unsure.
- Most patrons are now wearing masks coming in the library or accepting our offers of masks to use while inside.

Budget:

- The programming budget is still extremely healthy more kit materials will be purchased from this line item.
- We have ordered a new bookcase for Large Print items in the front room. Many of the
 patrons looking for large print materials cannot make the long walk to the back of the
 building. This item will come out of our furniture line item.
- We have ordered and received some of our sneeze guard shields. The monies are coming from the furniture and miscellaneous line items.
- A movable sign for programming/hours is on order and will fall under the programming line item.
- New book circulation is consistently in the 50 60% range (with that percentage being continuously out) so we have upped purchasing with the end of the year in mind.

• The budget for 2021 is due for the initial go-through with the BOS on 11/12. As we had a healthy budget last year, Liz does not foresee any problems – just a juggling of line item amounts due to different pandemic needs and a slight upping of staff costs. These are being offset by some subtractions in the current budget (museum passes going far below current costs even without Friends' monies).
