Upcoming at the Library

Blaisdell Memorial Library is always looking for new additions to our collection and services, and we have several new offerings in the works.

Thanks to a generous donation from one of our patrons, BML is currently preparing take-home Lego sets. Patrons of all ages from children to adults will be able to choose a Lego kit to check out and assemble at home!

Last month we announced that the library had acquired both a Nintendo Switch and a button maker for our patrons to use in the future. We're now happy to say that our first tests have gone spectacularly: the BYG enjoyed a Mario Kart tournament at their last meeting and experiments with the button maker have had beautiful results. We are currently looking for opportunities to highlight both these items in the library in the coming weeks!

The library has also acquired headphones for our patrons to use. If you would like to borrow a pair while in the library, please inquire at the front desk.

A Big Year for Blaisdell

It's funny how small things can lead to big moments. A book you pick up on a whim as a child can change your perspective on life well into adulthood. A chance encounter with a stranger can lead to a friendship that lasts decades! And a little library in-joke can lead to some huge plans for the year of 2024.

While preparing the Nintendo Switch for its first outing, I was prompted to enter a birth date. Since the system is for the library, and not an individual, I turned to Dan and asked when the library first opened. He replied he'd thought it was in April, but that he would look it up to make sure.

Ten minutes into that search we realized Blaisdell Memorial Library was founded in 1974: Exactly 50 years ago. Going a step further, the library started renovations into its modern form in 1999, 25 years past. That's two big anniversaries for Blaisdell in 2024, and we hadn't even noticed!

Naturally, that means it's time for us to pull out all the stops! We've stepped up our plans for the coming year to celebrate the library and what it means to the community, and can't wait to share it all with you. There is just one thing, though... we never *did* find out the date the library first opened its doors.

We'll keep searching for that date, but as we do: If you know Blaisdell Memorial Library's birthday, please reach out and let us know! Until then, sadly, we'll just

have to keep the party hats on standby.
