## Waiting for the Leaves

After an exciting summer, there's something relaxing about settling in for September and October. It's not just the cooling days--though it's nice to escape the heat--but the familiarity of old faces and regular programs, saying hello to patrons here for story times, book clubs, and their usual weekly reads. It's also exciting to meet our new regulars; those whose children are finally old enough to join in new activities, families that finished moving in, and those attending the new Community Coffee Hour!

Fall means changes, both big and small, and while my favorite seasonal change has yet to arrive, the library has plenty to tide oneself over. New programs, new games, plenty of new titles in the collection... and bigger things, in the future, as we discuss ways to transform our space and what we can offer to make BML the best place it can be.

The weather is still warm, but in time it will grow crisp and cool. The days will grow shorter, and the season for staying in and reading will be here soon. It's a particularly special time, and I hope you'll come enjoy it with us.
